

CONFERENCE INFORMATION

2024 8th International Conference on Intelligent Systems, Metaheuristics & Swarm Intelligence (ISMSI 2024), organized by India International Congress on Computational Intelligence (IICCI, www.iicci.in) and technically sponsored by EU/ME (the Euro Working Group on Metaheuristics) will be held in Singapore during April 24-25, 2024.

The main objective of ISMSI 2024 is to present the latest research and results of scientists related to Intelligent Systems, Metaheuristics & Swarm Intelligence topics. This conference provides opportunities for the delegates to exchange new ideas face-to-face, to establish business or research relations as well as to find global partners for future collaborations. We hope that the conference results will lead to significant contributions to the knowledge in these up-to-date scientific fields.
